

2021 Wood Stove Exchange Program

The Bulkley Valley Lakes District Airshed Management Society wants you to be warm, healthy and efficient heating your home this year and in the future. This means making an informed choice for heat, seasoning your wood, installing, maintaining and repairing your home heating appliances. Refer to the wood stove exchange program as WSEP.

We have **rebates and resources** to:

- move from an uncertified wood burning appliance to a qualified appliance
- move from an old EPA certification to a 2021 EPA certification
- move from an eligible stove, fireplace, boiler or furnace to a qualified appliance
- build a woodshed, provide tips on seasoning, storage and more on wood
- repair and maintain a qualified heating appliance
- assess a home, investigate and recommend a qualified heating option, we take referrals and we'll help you thru it!
- build a cheap home air filter
- install, use or understand air quality monitors and readings

Conditions apply:

1. Old appliances need decommissioning and/or recycling.
2. Standards are listed on the chart on page 2.
3. Rebate values depend on installation choices.
4. Refund program lasts while funding permits.
5. Installations use WETT principles.
6. The Wood Stove Exchange Rebate Form is complete and pics are provided.
7. Only 1 rebate per household.

Did you know...

- the Building Permit Fee is waived in Smithers, value \$35
- building inspections in municipalities are no longer necessary if the stove is Wood Energy Tech. Training, WETT inspected
- the Bulkley Valley Credit Union, BVCU still has zero interest loans for purchasing EPA certified appliances
- there are no landfill or recycling depot fees at any location
- the BVL DAMS is a non profit society, responsible for implementing the Clean Air Plan of 2012 signed by Bulkley Valley and Lakes District stakeholders in clean air. Membership is free!

How much do I get?

Appliances	Going from this option: Do I Qualify for an AMS Rebate?	Moving to this option: Do I Quality for an AMS Rebate?	rebate value	standard to meet
