COVID-19 outbreak declared over at LNG Canada Project site – Diversified Transportation - Kitimat

Northern Health is pleased to announce that Medical Health Officers have declared an end to the COVID-19 outbreak at the LNG Canada Project Site in Kitimat, BC, among staff of Diversified Transportation working at the project site.

There have been no new cases reported in association with the outbreak that was first declared December 16, 2020. In total, 16 employees tested positive for COVID-19; all have recovered, and cases and close contacts have completed their required self-isolation periods.

This will be the final update regarding this outbreak.

More information on public exposures, school exposures, and facility or community outbreaks of COVID-19 within the Northern Health region, is available here:
