COVID-19 outbreak declared over at Coastal Gas Link work sites

Northern Health is pleased to announce that Medical Health Officers have declared an end to the COVID-19 outbreak at two workforce accommodation sites on the Coastal Gas Link (CGL) project.

There have been no new cases reported in association with the outbreak that was first declared December 19, 2020. In total, 56 laboratory-confirmed cases were associated with the outbreak at 7 Mile Lodge and Little Rock Lake Lodge. All of the cases have since recovered and have completed their required self-isolation.

This will be the final update regarding this outbreak.
