

DURING COVID-19 DROP OFF PROTOCOLS MAY BE ALTERED

Reduce – Reuse – Recycle

It is not garbage if it can be reused, repaired, recycled or composted

After a fire at our Recycle Depot put our recycling program on hold, starting April 12, 2021, the Town of Smithers will restart their 'residential recycle' collection program. If you do not know if you can recycle a product, please research below or visit Recycle BC for more information.

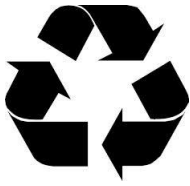

In BC, there is currently a 'Product Stewardship Program'. The Product Stewardship model is comprised of several key players working together to ensure that products no longer being used by consumers are managed in an environmentally responsible manner.

Products covered by the Industry Product Stewardship Program:

British Columbia's Recycling Handbook – A simple guide to what can be recycled under BC's Stewardship Program (<https://www.bcrecycles.ca/resources-bc-recycles-handbook/>)

Recycle BC is responsible for residential packaging and paper recycling in B.C. For information on where to bring recycling and what is recyclable please visit Recycle BC at <https://recyclebc.ca/>

Reduce – Reuse – Recycle

TOWN OF SMITHERS RECYCLE PARTICIPANTS
