

Residential Garbage Carts

Do you want to save \$25 on your residential garbage bill? Town of Smithers residents who purchase a residential garbage cart from the Town of Smithers prior to April 30, 2012 will receive a \$25 reduction in their annual garbage bill for 2012, 2013 & 2014. Residents who purchase a cart after April 2012 will receive their first bill reduction in 2013. Residential garbage carts will become mandatory as of January 1, 2015.

The 240 Litre wheeled cart, which is equivalent to three standard sized garbage containers, comes complete with an attached lid and can be purchased at the Town Hall at 1027 Aldous Street for \$110 (tax incl.). A maximum of one cart is permitted for pickup on garbage day.

A 135 Litre wheeled cart is now available for those residents who felt the 240 Litre cart was too big for their needs. These smaller carts are available for \$80 (tax incl.).

Residents are reminded that in accordance with the Town's Garbage Collection Bylaw No. 1425, recyclable and compostable materials are not permitted in residential garbage containers. For further information, please contact the Works and Operations Dept. at 250-847-1649.
