

# West Fraser IN SMITHERS

## Pacific Inland Resources

## OUR ECONOMIC IMPACT IN SMITHERS

- **205 direct employees**
- **240 indirect/induced jobs** as a result of mill operations
- **\$23.3 million** annual payroll to our direct employees
- **\$29.3 million** paid to provincial and local government
- **\$85.6 million** paid for contract services from loggers, truckers and other businesses

## COMMITTED TO LONG-TERM FOREST HEALTH

We plant approximately two seedlings for every tree we harvest. Replanting and regenerating forests ensure a stable future supply of timber for the operation of our mill and the jobs they support in the community, and continue to provide environmental and social benefits for society.

**2.4  
million  
trees**

Planted in 2022
