**Notice of a Liquor License Amendment - Liquor Primary Club to Liquor Primary
Smithers RCMP Comments**

Today, the Smithers RCMP received an invitation to include commentary regarding an application to amend the existing liquor licence for the Smithers Golf and Country Club ("The Club) located at 1200 Scotia Street Smithers, BC.

The proposal explains that the existing liquor licence for The Club was operating under an incorrect licence in recent years and must now update the licence from a Liquor Primary Club to a Liquor Primary. The operation of the Liquor Licence proposal is expected to continue as it had in previous years including the hours of operation and approved occupant load.

The Smithers RCMP do not have any concerns with this proposed change.

Sincerely,

Corporal Lewis Stryde 194627
Acting Detachment Commander
Smithers RCMP Detachment
